COASTWISE SUSPENSION ENDANGERS TARIFF KUHIO ASKS FOR \$75,000 LIGHT

WARNING BY PERKINS

Says Enemies of Hawaii Will Wield Coastwise Agitation Against Protection of Our Industries

Jas. F. Morgan, President of the Chamber of Commerce, when asked for the cablegram from the San Francisco Chamber of Commerce advising the local body against approval of the suspension of the coastwise shipping law, stated that the cablegram was private matter.

The polite request evidently angered him very much, although the Chamber of Commerce is supposed to be a public body, and a member of the Board of Trustees favored the publication of the telegram. Morgan's manner to the reporter was almost insulting.

Mr. Morgan was also asked for a copy of the letter of United States Senator Perkins to the Chamber of Commerce. This was likewise refused as "private matter."

When asked again for the Perkins letter, Mr. Morgan said this morning: "I am working for the good of the Territory. I have mapped out a line of procedure and I shall accept no advice from you newspaper men. There has been too much agitation in this matter. This correspondence comes to the Chamber of Commerce. It is not in line with my policy to give it to the public. I am running this and I want no advice or aid from the newspapers. The public has nothing to do with this. I am handling this matter quietly in the way that I think best."

The two letters which Senator Perkins wrote the Chamber of Commerce are given in full as follows. They were not furnished the public by the present President of the Honolulu Chamber of Commerce:

UNITED STATES SENATE
Committee on
Civil Service and Retrenchment
December 7, 1908.
Honolulu, H. T.

My Dear Sir:—Your telegram of November 28th relative to the proposed suspension of the coastwise

shipping laws, asking for its withdrawal or defeat, and requesting the passage of the ship-subsidy bill, has been received. The former measure I will have recommended to the Committee of Commerce, of which I am a member, and think it can safely be left to slumber there. The business of the short session will be confined almost exclusively to the supply bill. In regard to ship-subsidy bill, I would say that this matter will be given most careful and favorable consideration when it comes up.

Yours very truly,
(Signed) GEO. C. PERKINS.

UNITED STATES SENATE
Committee on
Civil Service and Retrenchment
December 12, 1908.
Honolulu, H. T.

Gentlemen:—Your telegram of December 10th recalling your telegram of November 28th and declaring in favor of the passage of the shipping bill now before the Senate, has been received. I had already submitted to the Senate your message opposing the bill, and it is very embarrassing to now give notice that your opinion is changed.

The position which is now taken has given rise to some comment not entirely favorable to the consistency of the Chamber of Commerce.

It is pointed out that the friends of the islands are now engaged in seeking to secure protection for sugar, coffee, pineapples, and other products against foreign competition.

GERMAN SHIP MAKES QUICK TIME HERE

Canine Family Dies On Board and Seamen Mourn

One hundred and twenty-seven days out from Cuxhaven, Germany, without seeing a vessel, and experiencing pleasant weather, excepting when rounding Cape Horn, the German ship Marie Hackfeld, Captain Grube, arrived this morning and docked at the railroad wharf, where she is unloading 2700 tons of general merchandise, consigned to Hackfeld & Co.

The only plikia on the way was the death of a good mother of five children. The mother, by the way, was not a human being. She was a mother dog. No sooner had the mother died than the five pups, which were pretty specimens of a German breed, died. All were buried at sea. The father of the deceased pups survived and is in town. He has become the property of Mr. Isenberg.

This is the first time that First Mate Feddersen of the Marie Hackfeld has been here. He is delighted with the place. During the trip the only enjoyment that could be found on board the ship was the band, which played daily after the day's work was over. Both Christmas and New Year Days were pleasantly spent. Special dinners were served on both days. Religious services were held on board ship daily.

KONOHIWA WNS 'MID CRACKER FUSILADE

Chinese Celebrate Their New Year With Gay Ceremonies

This is the Chinese New Year or the Konohei Day, and Chinatown has practically suspended its business for a day, at least. Owing to the recent death of Their Imperial Majesties, the Emperor and Empress Dowager, the services of the Hawaiian Band, which usually plays at the United Chinese Society annually, were not required. The hall of the society was open, however, and callers were received by the officers.

The Chinese Anti-Opium League, which has a hall of its own, celebrated the day quietly. The officers and their friends spent the forenoon in riding around town, calling on the officers of the other societies. The Quon On Society on Maunakea street, the Kok On Pui and the Bo Leong Sai, on Kukui street, and the quarters of the Chinese Reform Association on King street were attractively decorated with ferns, palms, and Chinese flowers. The callers, Chinese, haoles, Hawaiians, Japanese, and other nationalities, as they arrived.

Kepoikai Has Now Resigned

Governor Frear has received from Judge Kepoikai his letter of resignation for transmission to Washington. The Governor, when asked about this noon, declined to say anything on the subject, stating that while he had been in correspondence with Kepoikai ever since the trouble arose last July, he regarded himself merely as a go-between between Kepoikai and the Washington authorities, and all information about the proceedings should come from either of these two sources.

GHOST FOLLOWS PAVIA FAMILY

Stone Showers and Dog Drive It From Two Houses

Honolulu has another ghost. It does not appear to be such a lively apparition as the one which operated on Punchbowl some months ago, but what it lacks in variety in performance it makes up for in persistence. Unlike the Punchbowl ghost, which was purely local, confining its operations to the Boyd house, the new one is haunting a family, and has already followed it to three different places of residence. The police have been handling the matter for a couple of days, but have not as yet met with any success.

A Portuguese family, named Pavia, has been singled out by the spirit, and for a couple of months past their lives have been made miserable by the phantom's pranks. All the members of the family, consisting of father, mother, and several boys and girls, have seen the apparition and have witnessed its manifestations.

The ghost first made its appearance on the scene when the family lived on Kauluwela lane, near School street. It appeared in the form of a black dog, which would run up to the various members of the family and sniff at them. Then it would disappear, and a few minutes later a shower of stones would descend on the house, breaking the windows and flying into the rooms. The stones would keep coming for a few minutes; then there would be an interval of about half an hour, and then the fun would commence again. A weird

LINCOLN DAY PROGRAM OUTLINED

Meeting Last Night Gets All Plans In Motion

The celebration of Lincoln Day to be held in this city on Feb. 12 will include a military parade, a demonstration by school children and a literary program in the Opera House probably during the evening.

The first meeting of the committee in charge of the celebration was held last evening. Major Winslow accepted the responsibility of providing the parade to be held in the morning. This will include the Army, the Navy, the National Guard, cadets from various local institutions, the Fire Department, possibly the Knights of Pythias uniform rank, and the Shriners.

Following the parade there will be a demonstration by the children of the public schools and probably chorus singing. Superintendent Habbitt has taken this in hand.

C. H. Dickey has charge of the literary program in the Opera House. Names that he has on his list for speakers include Halter Smith and A. S. Humphreys. It is stated that H. M. Ayres will not be the secretary of the meeting. Capt. Rees of the Naval Station is a finished orator.

PEPEEKEO FARMERS GET KAPOHO LANDS

Post Office Delay Cause Of Kick From Hilo Rivals

Land Commissioner Pratt today received advice from Hawaii to the effect that eleven settlers had taken up the remainder of the Kapoho cane lands at Pepeekeo on right of purchase lease agreements. This was one of the matters left over from the Carter administration, and it is now regarded as satisfactorily settled by the Administration.

In the meantime it is quite probable that this same proposition may cause a kick before the coming Legislature. When the land matter first came up, applications were made for it by two sets of people, both Portuguese, who wanted to take it up as settlement associations. One lot, the one which has secured the land, consisted of people who had either been born on the land or had lived there a long time. They were tillers of the soil, most of them employed by the Pepeekeo plantation, which had surrendered its lease of the land in order that it might be opened for settlement. There were eleven in number and wanted the tract, about a

\$75,000 LIGHT

WASHINGTON, D. C., Jan. 21.—Delegate Kuhio of Hawaii has introduced a bill appropriating \$75,000, to construct a lighthouse at Kumuakahi.

STORM IS UNABATED

SAN FRANCISCO, Calif., Jan. 21.—The storm that has held the State continues unabated. Bridges and houses have been washed away, levees broken, and farms flooded. A cloudburst at Los Angeles killed one and gales are sweeping the sea coast.

The schooner Ensign is ashore at Naples and an oil barge has grounded at Redondo.

Eight inches of rain fell at Santa Barbara during the day.

Heney Charges Bribes

SAN FRANCISCO, Calif., Jan. 21.—Francis J. Heney charges that attempts have been made to bribe the employees of the Prosecution in the interests of Patrick Calhoun, now on trial for bribing City Supervisors.

Wipe Out Racing

SACRAMENTO, Calif., Jan. 21.—The anti-race track gambling bill has passed the Assembly. This will wipe out racing in California if it passes the Senate.

Financial Question Difficult, Says Frear

The Governor has since his arrival from the mainland been receiving estimates for the coming biennial period from the various departments, as a result of which he finds it necessary to "sound the warning note of economy," which is such a bugaboo to legislators. The Governor this morning dwelt on the action taken by the special session called by Governor Carter to meet the deficit then existing in the public coffers, when appropriations were cut down with the result that in the end a small surplus had been accumulated. The last legislature had moved appropriations up a notch, and now the financial cloud again hovers threateningly in the horizon.

"If we continue at the present figures, or anything like them, there will soon be a deficit again," said the Governor. "It is a very serious question whether the appropriations can actually be cut down so as to be within the revenue. If they cannot be cut down, then the question arises as to how we can increase the revenue. It will be one of the most difficult questions before the coming legislature to provide for the pressing needs and still be within the revenue. The population is constantly growing, and the school attendance is increasing in a corresponding measure. More teachers are required, even if their salaries are not raised, and they are not enough now. Furthermore, there are the conservation of forests, the development of the public lands, increased amounts for public health purposes, and many other things to be considered."

The Board of Supervisors will hold a meeting this evening, at which action on the Mayor's veto of the appropriation bill will come up. It will without doubt be overridden, whereupon the matter of the test case will probably advance without much delay.

The Mayor today moved into new and nicely furnished offices in the McIntyre Building. The only literature in sight today was a copy of the War Cry, but this will undoubtedly soon be supplemented by more worldly reading matter.
